1207- LCW

12

12:16:01

American security seen from  
 runway. Three zero take off  
 position and hold. You'll be  
 holding for landing. Traffic one  
 left and for spacing. Wake  
 turbulence. Spacing behind the  
 d'c' ten.

12:16:29

and at American security  
 seven is ready.

12:16:32

American security seen clear  
 tower to runway. Three zero  
 take into position and hold  
 upon a holding for wake  
 turbulence. Landing traffic  
 one left and you need  
 to be kept clear of  
 that d'c' ten.

212

12:16:41 position and hold three zero  
 American seven seven

12:19:20

one one eight point six seen

1223:28 direct ladder one eight point six seen  
American security seen good day

1223:31 Okay okay okay

1223:34 got the board there <sup>already</sup> took

1223:36 alright we got normal frequency  
all the way around nothing dot  
hot at this time at traffic  
where is this when is this  
go one twenty eight when  
the hell is that okay okay

1223:55 okay alright point out <sup>at</sup> this  
time you got seen Lima

343

vector direct O. A. seen  
 thousand number of you  
 been some is at five  
 he's already talking to work  
 north see the traffic he's  
 going to climb to station  
 he has to do American security  
 seen a direct radio  
 climbing to show scheduled  
 aid gone on large seen  
 in a point out to manassas  
 seen man always been pointed  
 out to west he's at deep house  
 on going to you vector one  
 duty left other than that  
 that's all you have

122123 I got it

1218 NH

122343 America seventy seven with you  
 paying nine decimal one  
 five <sup>slush</sup> one one thousand

122347 America seventy seven dollars  
 approach client and maintain  
 one seven thousand
