

Now Mr. Netanyahu is from the Likud coalition. Likud was created by the father of terrorism, a man named Menachem Begin, who in 1977 became prime minister of Israel.

He was asked by a British journalist in 1974 "Mister Begin, how does it feel in a light of all that's going on to be the father of terrorism in middle east?" And mister Began said "in the middle east" he said, "in all the world".

So he put on himself the mantle of being the father of terrorism. You see you have to understand that the state of Israel was born and created through terrorism.

In 1947 this is one of the first things he did as head of the Irgun. The Irgun is the mother party of the Likud... he blew up the King David hotel, killing ninety three people. it was British headquarters during the British mandate period of Palestine. it's very very similar to 9/11.

The ideology of Likud is based on this idea called Eretz Israel; greater Israel, is idea that Israel should fill it's biblical boundaries, as they say God gave to the state of Israel, and so they have a much bigger idea of what Israel should be, and they are dedicated to reaching that state. That's very important understand.

This is what they call what Israel's future borders should look like. And as mister Begin said, Jerusalem was and ever will be our capital, and Eretz Israel will be restored to the people of Israel. Now this is what Begin said in 1947.

These were the strategic goals of the father of Israel David Ben Gurion. In 1948, after Israel became a state, he said we should go on the offensive and smash Lebanon, Jordan, Syria, and take out Jordan Syria will fall, and if Egypt dares to resist we'll bomb Cairo. This is the prime minister of Israel one week after Israel became a state.

Now a week after 9/11 this General Wesley Clark walked through the Pentagon and he said about ten days after 9/11 I went to the Pentagon, I saw Rumsfeld and Wolfowitz, and one of the generals called me and said we've made a decision. We're going to war with Iraq. We're going to war with Iraq I said. Why? I don't know he said. I came back a few weeks later he said, and by that time we were bombing Afghanistan, and he said are we still go to war with Iraq?

And the general said, oh sir, it's much worse than that. We're going to take out seven countries in five years starting with Iraq, then Syria, Lebanon, Libya, Somalia, Sudan, and finishing off with Iran. And as you can see that shopping list is exactly what we've been doing for the past fifteen years.

Now the next thing is that the father of Israeli intelligence, this man Isser Herel, predicted in 1979 that Arabs would attack the tallest buildings in New York City. He predicted this Jewish man years with Menachem Begin. Mr. Evans asked Mr. Herel, Esser Herel, do you think terrorism will come to America and if so where and why. Esser Herel said yes, I fear it will come to you in America. America has the power but not the will to fight terrorism.

As to where, Herel continued, New York City is a symbol of freedom and capitalism, is likely they will strike your tallest building, and a symbol of your power.

Israel, Israeli military intelligence, created al Qaeda. They created the Islamic foe for the war on terror, because if you're going to have a big war on terror you have to have an enemy, so they have to create the enemy.

Zionists plan for the new Pearl Harbor. This was planned in advance. This man Philip Zelikow had a catastrophic terrorism study group in which they were imagining the transforming event that would change this nation, this was published two years before 9/11.

Another one of the authors was Ashton Carter, top left and the man with the blue sweater. These are Rothschild agents. These men when they wrote that paper were working for a group called Global Technology Partners which is an exclusive affiliate of Rothschild North America. Their whole business is getting onto the gravy train of American defense spending. That's where the money is.

They take the money from us, they put it into war, and the Rothschilds profit from it. And another group was PNAC, Project for a New American Century. They said that the process of transforming the American military into this worldwide dominant force would be a long change "absent some catastrophic and catalyzing event, like a new Pearl Harbor, which is exactly what 9/11 was meant to be.

Now this is another point. The Israeli Mossad controlled security at US airports, the key US airports on 9/11. And the men that ran this company ICTS, based in Holland, are these characters here; Mr. Cukerman, Mr. Yair Shamir, the son of Shamir, and Boaz Harel. It's a Rothschild company. They controlled passenger screening at Boston airport, Newark airport, etc. They controlled who got on the planes.

This man Philip Zelikow was in charge of the 9/11 commission. He wrote the outline for the report before the people even began working on the report. And this man's specialty, he went to school, is a Zionist. He went to school and he got a master's degree or a PhD on the creation and maintenance of the public myth.

Because what we've been sold is a myth. What we've been told is a myth; that Islam is trying to attack our nation... and this is John Farmer council for the report, he said what they told congress, the commission, the media, and the public about who knew what when was almost entirely and inexplicably untrue.

And these or commissioners themselves; Thomas Kean and Lee Hamilton... Thomas Kean said to this day we don't know why NORAD told us what they told us, it was just so far from the truth.
